

RUBBER FOR MINING INDUSTRY

Rubber Lining

HICOR Manufacturing Corporation manufacture and supply premium rubber linings offering superior corrosion protection in pipes, vessels, valves, chutes and other fabricated items.

Benefits:

- 100% Natural Gum Rubber for high abrasion resistant.
- Special automated rubber lining machine for consistent quality workmanship.
- Hot process or Cold process
- Cost effective and economical, extending equipment life and maximizing operational efficiencies
- We do on-site tank lining.

SLURRY HOSE

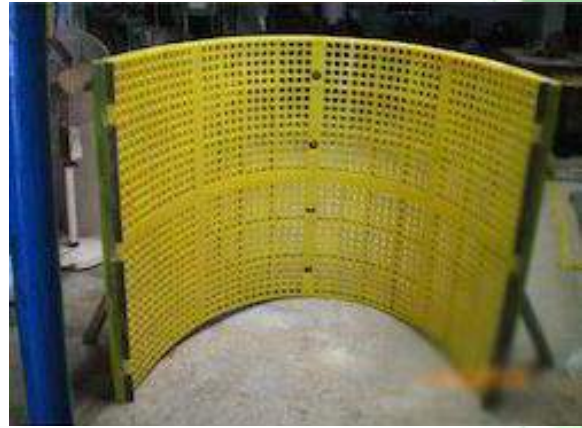

HICOR Manufacturing Corporation manufactures high quality, material handling hoses are suitable for use in a range of abrasive slurry applications, from hard rock mining and mineral sands, to waste and refuse handling.

Benefits:

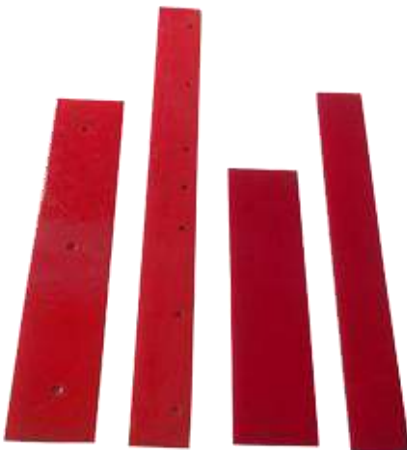

- 100% Natural Gum Rubber in inner tube for high abrasion resistant.
- Reinforced with multiple tie chord plies and high carbon steel wires, to withstand high pressure or vacuum.
- Weather Resistant on outer cover.
- Meet ASTM/ASME standards.
- Available hose sizes: 4" to 40" diameter.

POLYURETHANE SCREENS

POLYURETHANE BLADES

RUBBER SKIRTS

PULLEY RUBBER LAGGING

CONVEYOR BELT RUBBER

HIFLEX[™] SLURRY HOSE

- ★ 100% Natural gum rubber in inner tube for high abrasion resistant
- ★ Reinforced with multiple tire cord plies and high carbon steel wires, to withstand high pressure or vacuum
- ★ Weather resistant rubber in outer cover
- ★ Meet ASTM / ASME standard
- ★ Available hose sizes: 4" to 40" diameter

HIFLEX[™] PIPE AND TANK RUBBER LINING

- ★ 100% Natural gum rubber for high abrasion resistant
- ★ Special automated rubber lining machine for consistent quality workmanship
- ★ To ensure no cracks, pinholes, and leakage or loose bonding
- ★ Hot process or Cold process
- ★ We do on-site tank lining

HIFLEX[™] MOULDED RUBBER PRODUCTS

- | | |
|-------------------|---|
| ★ Star rotor | ★ Conveyor Pulley |
| ★ Cyclone | ★ Marine fenders |
| ★ Flotation | ★ Made-to-Order industrial rubber parts |
| ★ Bumper | ★ Polyurethane material |
| ★ Pump liner | ★ UHMWPE material |
| ★ Ball Mill Liner | ★ Aluminum Die-Cast parts |

We also fabricate mining machineries parts such as Pipe lines, Pipe fittings, Cyclone steel casing and other Mining Plant requirements.

FABRICATION FACILITY AT PHILEX MINING CORP.
PADCAL MINE SITE, TUBA, BENGUET

PHILEX MINING CORP. & HICOR MANUFACTURING CORP. HAS A VENDOR MANAGEMENT INVENTORY (VMI) AGREEMENT IN WHICH HICOR HAS CONTINUOUSLY SUPPLIED EVERY RUBBER MINING PARTS FOR FLOTATION, CYCLONE AND BALL MILL MACHINERIES AND RELATED TECHNICAL SUPPORT AND TRAINING REQUIRED BY PHILEX FOR THE OPERATION OF ITS PADCAL MINE SITUATED IN SITIO PADCAL, CAMP 3, TUBA, BENGUET FOR ALMOST 11 YEARS.
